Platewise™, made from natural bamboo, is a revolutionary, NEW, stylish, TRUE GREEN and SAFE alternative to traditional plastic and melamine plateware.

Why choose melamine FREE?

Some melamine dishware may leach melamine monomer. This is especially true if melamine dishes are scratched or damaged. Food or drink contaminated with melamine may put people at risk to encounter serious health side effects. Learn more at www.fda.gov.

How to "Swap for Safety!"

Details: Order a total of 50 dz or more, minimum 3 different items to qualify for cash back. Simply fill out the "Swap for Safety" form and return to FOH® or your local rep with a copy of your invoice. Allow 4-6 weeks for processing. Offer runs February 1, 2011 through June 30, 2011.
